

Date:

What did you do today? What happened in the news? Is anything different today, for you or for the adults around you?

My Covid-19 Diary

Name:

About this Diary

We are living at a unique time in history. In the future children will study this in school.

Your challenge is to record what happens so that people 50 or 100 years from now can know what life was like during the Coronavirus outbreak of 2020.

You can record how the pandemic has affected:

- Your schooling
- What you do for fun
- What you eat
- What the adults around you are doing

You could write, draw, stick in photos or newspaper reports or make a video diary.

Date:

What did you do today? What happened in the news? Is anything different today, for you or for the adults around you?

What did you do today? What happened in the news? Is anything different today, for you or for the adults around you?

About Me

What is your name?

How old are you?

Where do you live?

Who else lives in your home?

When did you start this diary?

A picture of you

Your signature:

The Story So Far

What has happened so far? How is life different to normal at the moment? Why?
