

Open Evening Ranking 2021

Teacher Instructions:

- Print off all sheets **single sided onto light card**. If you plan to reuse the flags for different families, you may also wish to laminate the flags and answers. If there is a high COVID risk, you may wish to just print multiple sets of the flags onto paper and dispose of them after each family
- Cut out the flags.
- Give the answer sheet to the student(s) who will be running the activity.
- Fold each of the other sheets in half so they prop themselves up and place them in a line
- The student helper(s) gives each family a set of flags. They work their way along the line, attempting to place them in the correct order. The student helper checks and gives feedback.

Answers

| | | | | |
|--|----------------------|--------|--------|--------------------------|
| Average income (in \$) | Highest US | Norway | UK | Lowest Japan |
| Population | Highest US | Japan | UK | Lowest Norway |
